ORDER NO. 9: PROCEDURAL SCHEDULE

(May 19, 2026)

Pursuant to Order No. 5 (Apr. 29, 2026), the parties submitted a joint proposed procedural schedule. The proposed procedural schedule generally complies with the framework set forth in Ground Rule 2, except for some modest modifications made as shown below.

In addition, the parties raised disputes related to the deadlines for initial contentions and the notice of prior art. Complainants propose that initial contentions be exchanged before the parties identify terms for construction and that the deadline to file the notice of prior art occur after the deadline for initial contentions. Respondents propose that the deadline for initial contentions occur after the deadline for initial *Markman* briefs and that the deadline for the notice of prior art occur before the close of fact discovery. Having reviewed the parties' positions, the deadline for initial contentions has been scheduled before the deadline to exchange the list of claim terms to be construed and the deadline to file the notice of prior art has been scheduled after the deadline for initial contentions.

Accordingly, the investigation shall proceed with the deadlines set forth below:
