

U.S. Design Patent No. D1,037,641	Skechers Hands Free Slip-Ins
1. The ornamental design for footwear, as shown and described.	Skechers makes and sells footwear exhibiting the ornamental design as shown and described. For instance, Skechers Hands Free Slip-Ins¹ such as Summits High Range models are footwear exhibiting the ornamental design of claim 1 as set forth below.
 FIG. 1	 Photo of Summits High Range medial side.

¹ On information and belief, the infringing Skechers Hands Free Slip-Ins design is implemented in many models that exhibit similar features. For instance, as discussed in HFL's Infringement Contentions Cover Pleading, for purposes of the asserted claims, the Summits – High Range model is representative of substantially similar looking models.
