Welcome to the first official release of Microsoft Mixed Reality Toolkit version 2!

Getting started

To help you get started using MRTK v2, please see the [Documentation Portal](#).

The [Getting Started](#) page covers software requirements and the initial steps required to use MRTK.

Changes since the RC2 releases

There have been some significant changes in this release of MRTK. For those with projects that are currently using one of the RC2 releases, please review the [Upgrade Guide](#).

Release notes

Please see [Release Notes](#) for information on new features, known issues and changes.

MRTK Examples Hub App packages

To help you experience various example scenes in MRTK, we added pre-built MRTK Examples Hub app packages for HoloLens (x86), HoloLens 2 (ARM), and immersive headset (x64 PC). Please use Device Portal to install the app package.
