Case PGR2023-00051

U.S. Patent No. 11,617,795

**PETITIONER'S OBJECTIONS TO PATENT OWNER'S DEMONSTRATIVES**

Case PGR2023-00051  
U.S. Patent No. 11,617,795  
Petitioner's Objections to Patent Owner's Demonstratives

Pursuant to the Board's November 21, 2024, Order Setting Oral Argument (PGR2023-00051 Paper 32), Petitioner KinderFarms LLC ("Petitioner") submits the below objections to Patent Owner's demonstratives for use at the oral argument scheduled for December 12, 2024:

| Slide No. | Objection (objected portion of slide circled in red)                                                                                                                                                                                                                                                                                                                                                               |
|-----------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 100       |  <p>Petitioner objects to the portions of the slide circled in red as misleading and new argument because, when coupled with the next slide, appear to be setting up a new argument never before raised by Patent Owner regarding these two specific ingredients and the viscosity of the formulations disclosed in FR458.</p>  |
| 101       |  <p>Petitioner objects to the portions of the slide circled in red as misleading and new argument because, when coupled with the next slide, appear to be setting up a new argument never before raised by Patent Owner regarding these two specific ingredients and the viscosity of the formulations disclosed in FR458.</p> |

Case PGR2023-00051

U.S. Patent No. 11,617,795

Petitioner's Objections to Patent Owner's Demonstratives

|  |                                                                                                                                                                                                                                                                                                                                            |
|--|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  | <p>Petitioner objects to the portions of the slide circled in red as misleading and new argument because Patent Owner and Dr. Berkland has never mentioned the impact of the ingredients agar-agar and xanthan gum on the viscosity of any of the formulations disclosed in FR458 (or any formulations at all) anywhere in the record.</p> |
