Aims and Scope

JSCAI is a peer-reviewed, international, Gold Open Access journal covering the broad field of cardiovascular diseases. JSCAI is a highly credible and well-balanced reference that highlights practical techniques and pathways of care and delivers high-impact scientific contributions drawn from clinicians and colleagues in interventional cardiology. JSCAI publishes original research, comprehensive reviews, meta-analyses, study designs, society guidelines, editorials, research letters, case reports, and images. The subject matter includes all interventional subspecialties including coronary, peripheral, structural, and congenital heart disease.
