Chlorinator combo included in select 15' (457cm) and 18' (549cm) sets.
Also available separately (see page 15)

Frame pools

RUST-RESISTANT GALVANIZED STEEL FRAME POOLS!

With the added structural strength of galvanized steel, frame pools can now be manufactured in even larger sizes, such as our 24' diameter (732cm) pool with a 52" (132cm) depth, which is capable of supporting over 12,400 gallons (47,000 L) of water.

- **SUPER-TOUGH™** sidewalls are triple strong. Made with 3 separate layers of material for extra strength and durability - two outer layers of heavy-gauge PVC laminated to an inner layer of polyester mesh for extra reinforcement.
- Separate laminated band provides additional wall support.
- Reinforced polypropylene rope wraps around the bottom of the pool liner to keep the legs firmly in position.
- Convenient drain plug for easy draining. Connects to garden hose so the water can be drained away from the pool area.

U.S. Patent #6,257,550

* **SUPER-TOUGH™** is a high molecular PVC that is unaffected by gasoline, oil and salt water. It is highly resistant to damage from abrasion, impact and sunlight. It also permits more air pressure for rigidity.

Chlorinator combo included in select 15' (457cm) sets. Also available separately (see page 15)

Filter pump included in 10' (305cm), 12' (366cm) and 15' (457cm) sets. Also available separately (see page 16)

YEARS OF FUN IN THREE GREAT SIZES!

Be the envy of the neighborhood with the Oval Frame pool; a modern, attractive addition to backyard fun. This design combines the best of Intex's Easy Set™ pools and Metal Frame pools to offer the latest in above ground pool enjoyment.

Our Oval Frame pool is the perfect blend of function and value! The rectangular shape is ideal for games such as volleyball and lap swimming, while the unique blend of Metal Frame sides and Easy Set™ ends ensures a great value!

The oval shape is also great for those homeowners whose back yards have a little less space, but still demand a large, fun pool for a great swimming experience!

12' x 20' x 48" (366cm x 610cm x 122cm)

Rectangular frame pools

YEARS OF FUN IN TWO GREAT SIZES!

- Intex's line of rectangular above ground pools give your consumers an additional choice when it comes to enjoying years of affordable fun. They are the ideal shape for swimming laps, and can make an efficient use of outdoor space.
- Like our round metal frame pools, the liners in Intex's rectangular pools are made of SUPER-TOUGH™ sidewalls comprised of three separate layers for added strength. The two outer layers of heavy duty PVC are bonded to an inner layer of strong polyester mesh to provide the optimum blend of strength and flexibility.
- Intex's rectangular pool frames feature high quality galvanized steel piping that has been electrostatically powder coated for years of maintenance-free beauty and structural strength.
- And like our round metal frame pools, Intex's rectangular pools are incredibly easy to assemble. No tools are needed, because all pipe ends have been precisely molded to fit smoothly together. They are quickly locked in place with high-strength, flexible pins that snap into position without the use of any tools.
- Separate laminated band provides additional wall support.

Chlorine generators

THE next Generation in pool water maintenance! Intex's Krystal Clear™ Chlorine Generator allows pool owners to eliminate the costly, confusing, dangerous, and repetitive use of added chemicals forever! No more red, burning eyes, faded clothes, and pool liners! Simply hook the Krystal Clear™ Chlorine Generator into the pool's water flow as directed, add the specified amount of salt, and the new Intex Krystal Clear™ Chlorine Generator will do the rest! The pool's water is converted to an effective algicide - and since salt doesn't evaporate or dissipate as chlorine does, the constant addition of chemicals is a thing of the past! There is nothing like swimming in a pool treated with an Intex Krystal Clear™ Chlorine Generator: incredibly clean, crystal clear, and fresh! And amazingly easy to maintain! You have to experience it to believe it!

- #56601 / E
Chlorine Generator
- 110 - 120 volt
 - Heavy-duty stand-alone Krystal Clear™ Chlorine Generator easily hooks into most above ground filter pump systems
 - Includes hose attachments and electrical cord
 - Self-cleaning titanium-coated electrolytic cell for continued performance
 - Touch-sensitive control panel allows user to pre-program operating hours
 - Flow sensor system alerts operator to adverse operating conditions
 - Keypad locking system ensures settings are not changed accidentally
 - Easy to use test strips (50 count) included to check performance
 - Shelf box
- 2 Ea., 49.3 lb. (22.4kg)

- #56602
