

Easy Set® Pools

Clearview Easy Set® Pool

The see-thru sidewalls give parents a clearview of their children swimming in the pool

Printed Pattern

Easy Set® Pools:

4

Great new design!

Enjoy an Intex Easy Set® pool in a great new design. The unique pattern is combined with see-thru sidewalls which parents and kids will love. With see-thru sidewalls, the pool appears larger than its 8' (244cm) size, especially when sunlight makes the sidewall appear "borderless".

Approximate Set-up Size: 8' x 30" (244cm x 76cm)

Water Capacity (80%): 639 gal. (2.4 m³) Ready for Water in 10 Minutes

Ocean Reef Easy Set® Pool

Uses a new photo-realistic printing process to capture the look of a life-size aquarium

NEW!

Aquarium in the backyard!

Our new Ocean Reef Easy Set® Pool uses a brand-new printing technology that makes it irresistible for kids who want to swim in a life-size aquarium. This photo-like pool will add visual interest to the backyard for many summers. Available in two sizes.

Oval Frame Pools

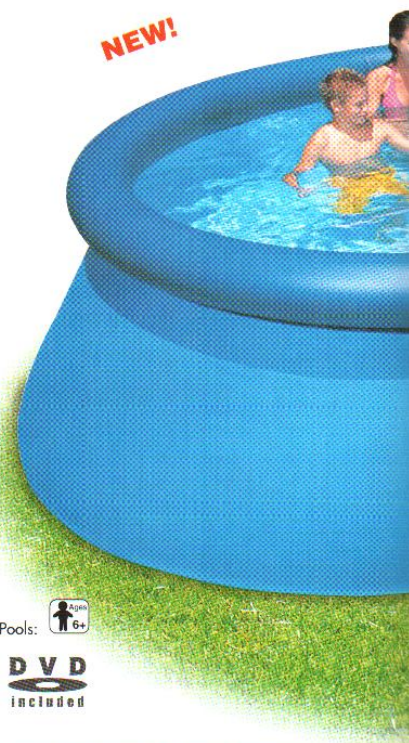

The value of an Easy Set® pool combined with the classic shape of a rectangular pool!

For many consumers, a rectangular pool is their preferred choice. Intex oval shaped pools are a great bridge between Easy Set® and Rectangular Metal Frame pools, combining the benefits of both. Quick, easy assembly with the strength of a frame along each side for additional support, and combined with a rectangular shape to maximize swimming area!

The frames are rust-proof coated, and assembled with snap-on joints eliminating the need for tools. The collection comes in two popular and family-friendly sizes with a full set of accessories, including volleyball sets.

Perfect for narrower backyards, volleyball games, or lap swimmers! Available in 18' x 10' x 42" (549cm x 305cm x 107cm) and 20' x 12' x 48" (610cm x 322cm x 122cm) sizes.

Pools big enough for the whole family and neighborhood!

DVD
included

These large, strong (thanks to galvanized steel) pools are great for family, neighbors, and friends. They feature:

- **SUPER-TOUGH™** sidewalls that are made with 3 layers of material for triple strength: two outer layers of heavy gauge PVC laminated to an inner layer of extra-strength polyester mesh
- An extra PVC band around the outside of the pool that provides additional sidewall support
- Polypropylene rope that wraps around the bottom of the pool to hold the legs firmly in position

And for the ultimate combination of pool filtration, water sanitation, and convenience, our largest round metal frame pool - 24' x 52" (732cm x 132cm) comes with the **NEW Krystal Clear™ Sand Filter Pump & Saltwater System Combo**.

No other system on the market combines the gentle, thorough, environmentally-sensitive filtration and sanitation properties of sand and salt. All-natural sand filters the water without cartridges or DE, eliminating waste in landfills or municipal drainage systems. All-natural salt sanitizes the water without harsh, packaged chlorine.

Maintenance is incredibly easy since sand only needs routine backwashing and replacement every 5 years, and salt never needs replacement under normal conditions. To make daily operation even easier, the combo comes with a built-in 24-hour timer that runs the system automatically.

Maximum pool area for maximum fun!

The rectangular frame pool collection is designed to fit the biggest pool possible to smaller backyards. Designed with the same quality, durability and functionality of other metal frame pools, but in a rectangular shape to fit most backyards. The shorter width saves space, while the longer length allows swimming mobility. Available in four sizes.

Ultra Frame™ Pools

Intex® Premium Pool Line

These pools, with their unique frames, are stronger than traditional metal frame pools. They're easier to assemble because the shape allows the pieces to fit together so smoothly and securely that separate locking pins are not needed.

They come with a broad line of accessories guaranteed to make pool ownership and maintenance easier and enjoyable.

Ultra Frame™ Pool liners and frames are a rich, upscale light gray color that adds beauty to any backyard while providing affordable enjoyment to families, friends, and neighbors for years.

Ultra Frame™ Rectangular Pools

True neighborhood-size pools plus deluxe cleaning systems!

For the ultimate combination of pool filtration, water sanitation, and convenience, these Ultra Frame™ Rectangular pools come with our NEW Krystal Clear™ Sand Filter Pump & Saltwater System Combos. No other system on the market combines the gentle, thorough, environmentally-sensitive filtration and sanitation properties of sand and salt.

All-natural sand filters the water without cartridges or DE, eliminating waste in landfills or municipal drainage systems. All-natural salt sanitizes the water without harsh, packaged chlorine.

Maintenance is incredibly easy since sand only needs routine backwashing and replacement every 5 years, and salt never needs replacement under normal conditions. To make daily operation even easier, the combo comes with a built-in 24-hour timer that runs the system automatically.

Krystal Clear™ Poolwater Systems

Intex provides the broadest, most innovative line of above ground pool cleaning systems in the world.

Krystal Clear™ Filter Pumps:

CARTRIDGE FILTER PUMPS

(Details on page 29)

Advantages:

- Cartridges provide excellent water filtration
- Easy to use: simply replace old cartridge with a new one every 2 weeks
- Intex high quality replacement cartridges are widely available

SAND FILTER PUMPS

(Details on page 30-31)

Advantages:

- All natural sand provides the best water filtration
- Economical & environmentally friendly
- Requires virtually no maintenance except replacement of sand every 5 years
- 24-hour auto timer included

Krystal Clear Saltwater System™:

SALTWATER SYSTEM

(Details on page 32)

Advantages:

- Eliminates bacteria & algae from pool water using a virtually undetectable amount of all natural salt
- Much gentler on skin, eyes, clothes, and hair than packaged chlorine
- Salt is economical & much more environmentally friendly than packaged chlorine
- Includes a 24-hour auto timer

How the Krystal Clear Saltwater System™ works:

Pure, natural salt is added to the pool water – the same salt that is used in residential water softeners. The amount of salt required creates salt levels only one-tenth as much as ocean water, so swimmers won't see, feel, or smell any salt. All you will feel is incredibly clean, fresh and soft water.

As part of the daily filtration cycle, the pool water passes through the system's titanium coated electrolytic cell to produce sodium hypochlorite which is instantly dissolved into the water. This process produces effective, but low levels of chlorine which is the first step in destroying bacteria and algae.

Combining copper ionization with the electrolysis process reduces the amount of chlorine required by up to 70%. This is because when the copper ions are released into the water they attach to micro-organism cell walls and block photosynthesis (the process of converting light into useable food and energy). As a result, the cells die and the spread of algae is controlled.

Because salt does not evaporate, this process automatically repeats itself daily when the saltwater system is operated. When water evaporates, simply add more water – the salt level will remain the same. Unless water is splashed out of the pool, you may never have to add more salt.

Krystal Clear™ Filter Pump & Saltwater System Combos:

CARTRIDGE FILTER PUMP & SALTWATER SYSTEM

Combines cartridge filter pump with saltwater system
(Details on page 32)

SAND FILTER PUMP & SALTWATER SYSTEM

Combines sand filter pump with saltwater system
(Details on page 33)

KRYSTAL CLEAR™ CARTRIDGE FILTER PUMPS

Cartridge Filter pump features include:

- Easy installation – just hook-up hoses and plug in
- Double insulated pump
- Air release valve for air trapped inside filter chamber
- Sediment flush valve at bottom of filter chamber (56635/56636/56633/56634)
- Auto timer for easier use (56635/56636/56633/56634), except 56636GS
- Comforms to UL/CSA standards (110-120 volt models)
- CE approved (220-240 volt models)
- TUV approved (12 volt models) • Shelf box

Efficient filtration is essential for a quality swim experience. Who wants to swim in a dirty pool?

Intex's line of pumps and cartridges has been greatly improved to guarantee a cleaner pool with:

- Powerful pumps in several of our most popular pool sets
- Filter cartridges with thicker, heavier paper and more pleats
- Water inlet jets for enhanced water flow back into the pool

The results will be faster water circulation, improved filtration, and best of all – a superior swim experience!

KRYSTAL CLEAR™ SAND FILTER PUMPS

6-Way Valve

Pressure Gauge

Heavy Duty Tank

Strainer Basket

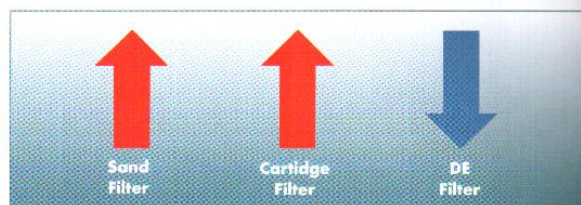

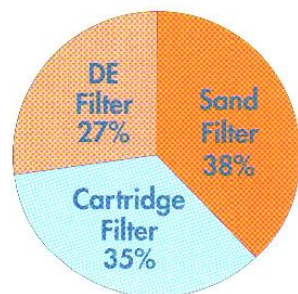

Built-in Timer

Powerful Motor

Sand Filter Pumps can be the lowest cost and easiest maintenance option, requiring sand replacement only every 5 years on average. They represent approximately 38% of pool filtration systems, compared to approximately 35% for

cartridge filters, and 27% for Diatomaceous Earth (DE) systems. Sand & Cartridge filters are growing while DE filters are declining due to the increasing number of municipalities that are banning them.

Intex's Sand Filter Pumps use powerful motors to achieve strong water flow rates. The 14" (360mm) sand filter pump is best suited for above ground pools up to 12,800 gallons (48 m³), while the 16" (410mm) sand filter pump is best suited for pools up to 21,200 gallons (80 m³). The pool owner is able to easily operate each unit in 6 modes: Standard Filtration, Backwash, Rinse, Re-circulate, Drain, and Close.

FEATURES	BENEFITS
6- function control	Enables pool owner to Filter, Backwash, Rinse, Recirculate, Drain & Close system
24-hour automatic timer	Automatic daily setting
0.95 horse power pump with 2,650 gph (10.0 m³/hr) flow 0.50 horse power pump with 1,600 gph (6.0 m³/hr) flow	Ideal for above ground pools
GFCI unit (US version)	Safety shut-off; meets UL standard
Skimmer basket	Easy-cleaning, prolongs life of sand

Sand Filter Pumps offer important features including:

- Ergonomic handle for easier operation
- Heavy duty tank
- Durable pump enclosure for more protection
- 2-Year warranty
- Powerful pump with leaf basket for all your pool vacuuming needs
- Pressure gauge
- Shelf box

KRYSTAL CLEAR SALTWATER SYSTEM™

The Eco-friendly Poolwater Sanitizer

The Krystal Clear Saltwater System™ combines a unique two-stage technology to sanitize poolwater.

First, an undetectable level of natural swimmer-safe chlorine is produced when environmentally friendly natural salt is added to pool water and passes through a titanium coated electrolytic cell during the filtration process. The result is soft, fresh, clean water without the potential harsh side effects of packaged pool chemicals.

Second, with the copper ionization feature, highly active disinfectant ions are released which create a potent biocide and attack algae more aggressively than chlorine or other packaged pool chemicals.

Built-in 24-hour
Timer

Titanium Plates

Copper Anodes

- #54601 / E
Krystal Clear Saltwater System™ CG-54601
- 110-120 volt
 - Requires a filter pump with a flow rate between 700-4,000 gph (2.7-15.1 m³/hr)
 - 24 hr. auto-clock cycle • Shelf box 2 Ea., 45.9 Lb. (20.9kg)

- #54602
Krystal Clear Saltwater System™ CG-54602
- Same as 54601 except 220-240 volt
 - Shelf box 2 Ea., 46.0 Lb. (20.9kg)

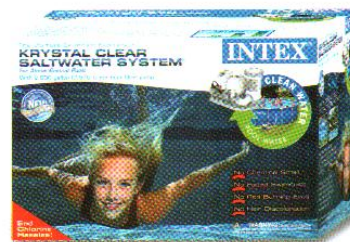

- #54602GS
Krystal Clear Saltwater System™ CG-54602GS
- Same as 54602 except 12 volt
 - Shelf box 2 Ea., 50.1 Lb. (22.8kg)

KRYSTAL CLEAR™ CARTRIDGE FILTER PUMP & SALTWATER SYSTEM

- #54611 / E
Krystal Clear™ Cartridge Filter Pump & Saltwater System CG-54611
- 110-120 volt
 - Same as 54601 with additional 2,000 gph (7.6 m³/hr) filter pump set
 - System flow rate 1,650 gph (6.2 m³/hr)
 - Shelf box 1 Ea., 46.3 Lb. (21.0kg)

- #54612
Krystal Clear™ Cartridge Filter Pump & Saltwater System CG-54612
- Same as 54611 except 220-240 volt
 - Shelf box 1 Ea., 47.9 Lb. (21.8kg)

KRYSTAL CLEAR™ SAND FILTER PUMP & SALTWATER SYSTEMS

Sand Filters have long been recognized by pool owners as one of the most desirable methods to keep poolwater clear and sparkling. Not only does the all-natural, inexpensive sand do an excellent job of filtering particles out of the water, it needs replacement only once every five years, making a sand filter the easiest maintenance filtration option on the market.

Saltwater systems have long been desired by pool owners for their ability to keep pool water clean and safe, while eliminating the harshness of traditional packaged chlorine.

Intex has now combined these two excellent systems into one product, providing above ground pool owners with ONE low cost, low maintenance system that will keep pools clean, safe, and comfortable for swimmers. Both systems are controlled automatically with one 24-hour timer to make daily operation carefree!

#56677 **NEW!**

Krystal Clear™ Sand Filter Pump & Saltwater System CG-56677

- 110-120 volt
- 14" (360mm) tank diameter
- 0.5 HP motor
- Pump flow rate
1,600 gph (6.0 m³/hr)
- System flow rate
1,500 gph (5.7 m³/hr)
- 55 Lb. (25kg) sand capacity
- Saltwater system function
- 2 pieces of 1½" (38mm) hoses
- 2-year warranty • Shelf box
- 1 Ea., 61.6 Lb. (28.0kg)

#56677EG **NEW!**

Krystal Clear™ Sand Filter Pump & Saltwater System CG-56677EG

- Same as 56677 except with GFCI
- Shelf box
- 1 Ea., 62.0 Lb. (28.2kg)

#56678 **NEW!**

Krystal Clear™ Sand Filter Pump & Saltwater System CG-56678

- Same as 56677 except 220-240 volt
- Shelf box
- 1 Ea., 62.2 Lb. (28.3kg)

#56681 **NEW!**

Krystal Clear™ Sand Filter Pump & Saltwater System CG-56681

- 110-120 volt
- 16" (410mm) tank diameter
- 0.95 HP motor
- Pump flow rate
2,650 gph (10.0 m³/hr)
- System flow rate
2,200 gph (8.3 m³/hr)
- 110 Lb. (50kg) sand capacity
- Saltwater system function
- 2 pieces of 1½" (38mm) hoses
- 2-year warranty • Shelf box
- 1 Ea., 81.8 Lb. (37.2kg)

DELUXE POOL LADDERS WITH REMOVABLE STEPS

These pool ladders come with easily removable steps. When the pool is not in use, they can be quickly detached and removed from the pool area. Replacing them is simple and quick too. Simply set the steps in the base, then snap and lock them into place. Available in two sizes, designed for 36" - 42" (91cm - 107cm) and 48" - 52" (122cm - 132cm) pools.

LED Lights

LED POOL-WALL LIGHTS

Easily illuminates up to 18' (549cm) pools

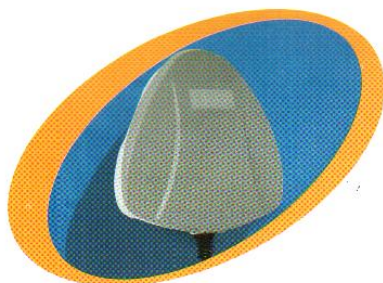

#56687 / E **IMPROVED!**

- 110-120 volt
- LED light
- Magnetic wall mounting system
- Shelf box
- 4 Ea., 18.5 Lb. (8.4kg)

#56688 **IMPROVED!**

- 220-240 volt
- LED light
- Magnetic wall mounting system
- Shelf box
- 4 Ea., 22.0 Lb. (10.0kg)

Lighting up an above ground pool has always been difficult. Unlike in-ground pool owners, who could flip a switch to light up their pools, above ground pool owners had to either cut a hole in their sidewall, risking leaks and damage to their pool or use a floating light which got in the way of swimmers, and always seemed to end up in the farthest corner of the pool, lighting up only a small area.

The Intex LED light uses magnetic technology to create a light system that safely generates low voltage current THROUGH the pool's sidewall to a powerful LED light inside the pool. The advanced, energy efficient LED light delivers more brightness to your pool than a conventional 50-watt halogen pool light. So now, above ground pool owners can light their pools up just like in-ground pool owners, but without the expense and damage of cutting a hole in their pool.

The LED Pool-Wall Light is the ultimate in flexibility and can be attached to any sidewall in any location – and be easily moved to different parts of the pool for

different lighting effects. If the inner light unit becomes separated from the outer power source, it will automatically float to the surface for easy retrieval.

Beauty, convenience, innovation, performance, and value – all part of the Intex LED Pool-Wall Light!

FEATURES	BENEFITS
LED light	Extra bright, long-lasting illumination
Magnetic hook-up	• Safely transfers power directly through pool sidewall so light level will never fade • No batteries to recharge • Light is flexible and can be easily moved around pool sidewall
Built-in floatation	If light becomes separated from magnet, it will automatically float to surface for easy retrieval
Below 12 volt	Low electricity level; safe to use around pool and water

LAWN BRITE™ SOLAR LED LANDSCAPE LIGHT

The Intex LAWN BRITE™ solar LED light is designed to provide maximum light, look great, and last long in any yard. Each light comes with two separate base units: one for anchoring the light firmly into a lawn or garden, the other for placing the light on a solid surface such as a patio or around a pool. Both are interchangeable, so the location can be changed as needed!

#56695 / E IMPROVED!

- Long-lasting LED light

#68691 / E NEW!

Deluxe 5-in-1 LED Light

- Built-in lithium-iron rechargeable battery
 - Optics design with 10x zoom lens
 - 360 degree beacon
 - USB charger cable
 - 12V charger cable
 - External power pack
 - Durable water resistant and impact resistant construction
 - Multiple patents pending
 - Shelf box
- 6 Ea., 14.2 Lb. (6.5 kg)

Intex 5-in-1 LED light provides the perfect solution for all your portable lighting needs in one powerful product. This versatile, compact, multi-function light combines a powerful LED with a built-in micro processor that enables it to function as a flashlight, a hanging lantern, a table top lantern, a hazard light, and a safety beacon. For even more flexibility, the flashlight and the lantern modes can be operated at three power levels, allowing the operator to control the illumination and battery life according to their needs.

FUNCTION	OPERATION
Flashlight	Pick flashlight mode, and choose between three power levels (8%, 50%, 100%) plus adjustable focus to meet all flashlight needs.
Hanging Lantern	Operate in floodlight mode with lantern suspended. Choose between three power levels to meet individual requirements.
Table Top Lantern	Operate in lantern mode. 8% power level is perfect for a nightlight at home or on the road, while 50% and 100% levels are ideal for campers, or to light up rooms, garages, RVs, or tents.
Hazard Light	Operate at full power as a flashing amber-colored warning light. A must-have for car & boat owners, campers, and other travelers.
Emergency Beacon	Operate at full power, automatically flashing the international SOS signal with a full 1 kilometer illumination range. Easily recognizable by rescue personnel.

TRADEMARKS

®™ Trademarks used in some countries of the world under license from Intex Marketing Ltd. to Intex Trading Ltd., Intex Development Co., Ltd. and Intex Recreation Corp.

ALL ELECTRICAL ACCESSORIES:

- Comforms to UL/CSA standards (110-120 volt models)
- CE approved (220-240 volt models)
- TUV approved (12 volt models)

As a part of our program of product development and improvement, the detail specifications of the products shown in this catalog may be changed. For current specifications on any product, please contact your supplier of Intex products.

Intex introduces three additional designations in our catalog that highlight additional safety features that are included on a number of our pools. These designations are:

Pools with these letters after the 5-digit item code incorporate a GFCI (ground fault circuit interrupter) built into the filter pump. The GFCI unit is an added safety feature and is designed to instantly shut the pump off if electrical current comes into contact with water. GFCI units are included in select 110-120 volt pool sets, sand filter pumps and saltwater systems.

Pools with the letters EB after the 5-digit item code contain a ladder with a flexible barrier that is designed to prevent swimmers from swimming through the riser openings or behind the ladder. The barrier is part of the ladder assembly process and should be used by consumers whenever it is included in a pool set. The barrier ladder conforms to U.S. regulation ANSI/APSP-4.

Pools with the GS designation after the 5-digit item code will contain filter pumps that operate with a 12 volt step-down transformer, which reduces the voltage dramatically while retaining the same performance level as the 220-240 volt version. The 12 volt pumps are designed to meet special national requirements in some EU markets.
