37th ANNUAL TOP 100 PRODUCTS

Dentistry Today's 37th Annual Top 100 Products are selected based on lead generation. All products appeared in *Dentistry Today* at some point in the last year and are in no particular order.

VOCO Bulk-Fill Restorative Delivers High-Quality, Long-Term Results

VisCalor bulk is the world's first thermoviscous bulk-fill restorative that offers a unique 2-in-1 restorative. Once warmed, it delivers the viscosity of a flowable, then cools to body temperature once placed—offering the immediate sculptability of a packable and eliminating the need for a separate base or liner, multiple increments, and/or an occlusal capping layer to deliver fast, high-quality, long-term results. For more information, call (888) 658-2584 or visit voco.dental.

Philips Oral Healthcare Toothbrush Produces an Exceptional Cleaning

Philips Sonicare DiamondClean Smart houses Bluetooth technology, smart sensors, and high-performance brush heads to help eliminate the guesswork out of brushing, delivering an exceptional cleaning. Featuring 5 brushing modes and 3 intensity settings, it provides an intuitive user experience with personalized coaching through the Philips Sonicare app. It provides clinical superiority as it removes 10 times more plaque and 100% more stains in just 3 days when compared to a manual toothbrush. For more information, call toll-free at (800) 422-9448 or visit usa.philips.com/healthcare/about/support#technical_support.

- Provides clinically superior and customized results with high-performance brush heads.
- Combines connected technology and personalized data for an intuitive brushing experience.
- Utilizes smart sensor technology to identify and elevate brushing patterns.
- Offers a unique glass tumbler that charges while the brush is resting in the glass.

CHROME GuidedSMILE Surgical/Restorative Guide Provides Accurate Provisionalization

CHROME GuidedSMILE is the market-leading, patent-protected All-on-X surgical/restorative guide that has been adopted by doctors and specialists nationally and internationally. It delivers tooth- or tissue-anchored bite verification, metal-guided bone reduction, secure site drilling, and accurate provisionalization. It only takes 2 to 3 appointments to transfer restorative information for the final restorative conversion. The team provides full support through the records phase, expert tooth and implant placement replanning, live online implant planning and approval, and on-demand chairside services. For more information, call (800) 228-6663 or visit roedentallab.com/chrome.

Preat Corporation Attachment System Allows Movement in Any Plane

The O-Ring attachment system is one of the most resilient restorative options available. This attachment system is classified as a Class VI in that it allows movement in any plane (vertical, hinge, and rotational movements). This type of omnidirectional, resilient function protects abutments, specifically implants in weaker (maxillae) quality of bone or post copings on weaker teeth. Preat provides O-Ring abutments for most major implant systems with varying cuff heights. For more information, call (800) 232-7732 or visit preat.com/attachment_systems/o-ring-attachment-system.

CAO Group Laser Offers Faster, Deeper, and More Reliable Curing Results

From the innovative mind that brought LED curing comes the world's first hand-held curing laser. The Monet laser produces a deeper cure than LED or any other light sources during the same exposure time. Its collimated beam and consistent power make for superior bond strength, as well as faster, deeper, and more reliable curing results. Each click of the Monet is a 1-second, 2.5-mm cure. Bulk cures are possible in just 3 seconds. For more information, call (877) 877-9778 or visit caogroup.com.

Dentsply Sirona Aligners Offer Easy Treatment Planning

Get a better treatment experience with SureSmile Clear Aligners. A recent 3-year retrospective analysis showed that 75% of all completed SureSmile cases required no refinements (data on file). Plus, treatment planning has never been so easy with support from the SureSmile Digital Lab and software that works with most common intraoral scanners, including PrimeScan. SureSmile Aligner Complete Case provides outstanding patient value by including the SureSmile Whitening Kit and the SureSmile VPro High-Frequency Device. For more

information, call (844) 848-0137 or visit dentsplysirona.com/suresmile.

- Predictable results: no refinements were required in 75% of SureSmile Aligner cases (data on file).

- Expert support, including clinical implementation specialists and customer case associates.

- SureSmile software integrates with most scanners, and the complete case includes the SureSmile VPro vibration device and SureSmile whitening kit.
