Our Slide Park Is Now Open!

Slip into a day of excitement with our new indoor slides attraction that kids will absolutely love!

The Urban Air Indoor Adventure Slide Park will have you riding waves, racing friends, and launching into unforgettable fun with every thrilling trip down a slide.

Take a look at our all-new slide experience!

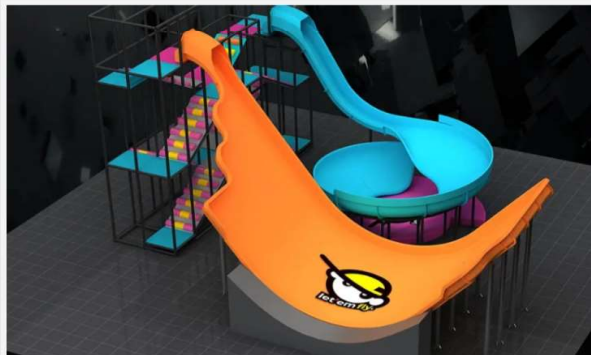

We've Taken Indoor Slides to A Whole New Level

These aren't just any indoor slides. We've created a brand new of world patent-pending exhilarating slides for kids to explore.

Imagine the thrill as you start your descent, the rush of wind in your hair, and the vibrant colors whizzing past you. Our slides are designed to offer not just a ride but an unforgettable experience. Each twist and turn is crafted to bring out the adventurer in you, making sure that no two rides are ever the same.

Ride the scoop slide for a spiral experience before dropping in a cushy landing or our surf slide that is like a half-pipe but with more screams and fewer skateboards!

And, for some extra fun, we also have tube and wave slides. It's difficult to decide what to try first! Either way, your kids won't be disappointed.

Every Slide is a Ride to Remember

Urban Air slides are fun for children of all ages. And, even though they're built for excitement, we've also designed this new attraction with safety in mind.

Let your kids experience all the thrills without the spills. All of the necessary safety precautions are in place and our trained Urban Air staff is always around, ensuring everyone is having a blast.

Whether you're a daring solo slider or enjoying the ride with friends and family, you'll find the perfect balance of thrill and safety.

Feel the adrenaline surge as you navigate through unexpected curves and thrilling drops. Laugh out loud with every twist and turn, and make memories that will last a lifetime. Our indoor slides are more than just an attraction; they're a celebration of fun, laughter, and pure joy.

Be sure to see our full slide rules and regulations including minimum height and weight limit.
