Your Honors,

Pursuant to 37 C.F.R. § 42.123(a)(1), Patent Owner hereby timely requests authorization from the Board to file a motion to submit supplemental information in PGR2024-00054. Specifically, and responsive to Petitioner's objections pursuant to 37 C.F.R. § 42.64, Patent Owner respectfully requests authorization to file the entirety of each Exhibit listed below, which were previously submitted in excerpted form in support of Patent Owner's Preliminary Response (POPR), with the complete versions of each Exhibit replacing the originally submitted excerpted form. Accordingly, each submission constitutes supplemental information that is relevant to a claim for which trial has been instituted under 37 C.F.R. § 42.123(a)(2).

- EX2003 – Entirety of the Azam Alirezazadeh article
- EX2013 – Entirety of the ASTM G115 standard
- EX2016 – Entirety of the ASTM D1894 standard
- EX2017 – Entirety of the ASTM D883 standard

- EX2018 – Entirety of the ASTM D1918 standard

Patent Owner and Petitioner have met and conferred regarding this request. Petitioner does not oppose this request, but notes that Petitioner does not necessarily agree with the statement that Patent Owner's submissions to replace exhibits previously submitted in incomplete form are relevant to a claim for which trial has been instituted. Each item of supplemental information listed above was timely served on Petitioner on Tuesday, April 29, 2025, in response to Petitioner's objections pursuant to 37 C.F.R. § 42.64.

The parties are available for a call if helpful to the Board's consideration of this request.

Best regards,

Louis H. Sittler
