Before JEFFREY N. FREDMAN, SUSAN L. C. MITCHELL, CYNTHIA M. HARDMAN, and MICHAEL A. VALEK, *Administrative Patent Judges.*[1]

PER CURIAM

ORDER
Granting Petitioner's Motion to Seal
37 C.F.R. §§ 42.14, 42.54

---

[1] This Order addresses issues in each of the identified proceedings. We exercise our discretion to issue one Order to be filed in each proceeding. The parties are not authorized to use this style heading in subsequent papers. This is not a decision by an expanded panel of the Board. Rather, the listed judges are paneled on various of the listed cases.

Petitioner Merck Sharp & Dohme LLC ("Petitioner") filed a motion to seal the confidential version of Petitioner's Supplemental Brief in Opposition to Patent Owner's Motion to Terminate (Paper 123). *See* Paper 122[2] ("Mot.").

The standard for granting a motion to seal is "for good cause." 37 C.F.R. § 42.54(a). That standard includes a showing that (1) the information sought to be sealed is truly confidential, (2) a concrete harm would result upon public disclosure, (3) there exists a genuine need to rely in the trial on the specific information sought to be sealed, and (4) on balance, an interest in maintaining confidentiality outweighs the strong public interest in having an open record. *Argentum Pharms. LLC v. Alcon Research, Ltd.*, IPR2017-01053, Paper 27 (PTAB Jan. 19, 2018) (informative), 3–4.

Petitioner represents that the portions of its Reply in Support of the Motion to Terminate that it seeks to seal discuss "Petitioner's confidential information and documents that Petitioner has marked as 'PROTECTIVE ORDER MATERIAL,'" including "information relating to employee records of Petitioner, engagement letters with counsel, and Petitioner's tax filings and payment records that have not been published or otherwise made public." Mot. 2. Petitioner states that "to the best of its ability" it has "limited the material in its . . . Supplemental Brief in Opposition to Patent Owner's Motion to terminate to non-confidential information" and filed a public, redacted version (Paper 124). *Id.*

We find that the information Petitioner seeks to seal is limited and is the type of information typically kept confidential as commercially sensitive

[2] We cite Papers and Exhibits in PGR2025-00003. Similar papers and exhibits were filed in all other captioned proceedings.

information. Moreover, the redactions to Petitioner's Supplemental Brief appear to be reasonably limited to protecting this information, and therefore strike an appropriate balance with the public's interest in an open record. Accordingly, we grant Petitioner's Motion. 37 C.F.R. §§ 42.14, 42.54.

We further note that while both sides have filed a number of motions to seal confidential information relating to Patent Owner's motion to terminate, none of those motions appear to cover Exhibit 1225 (Grez Deposition Tr.). This appears to be an oversight as that Exhibit was filed Board and Parties only and appears to be the source for at least some of the confidential information Petitioner seeks to seal in its Motion here. If Petitioner seeks to keep that exhibit confidential it should file a motion to seal within ten business days.

We remind the parties that confidential information that is subject to a protective order ordinarily becomes public 45 days after final judgment in a trial.[3] *See* Consolidated Office Trial Practice Guide[4] 21–22. There is an expectation that information will be made public where the existence of the information is referred to in a decision to grant or deny a request to institute a review. *Id.* at 22. A party seeking to maintain the confidentiality of information, however, may file a motion to expunge the information from the record prior to the information becoming public. *Id.*; 37 C.F.R. § 42.56.

[3] For purposes of this order, final judgment includes conclusion of any appeal.

ORDER

In consideration of the foregoing, it is hereby:

ORDERED that Petitioner's Fourth Motion to Seal (Paper 122) is *granted*; and

ORDERED that if Petitioner seeks to seal Exhibit 1225 it shall file a motion to seal within ten business days.
