DOD Releases List of People's Republic of China (PRC) Military Companies in Accordance With Section 1260H of the National Defense Authorization Act for Fiscal Year 2021

Jan. 31, 2024

Today, the Department of Defense released an update to the names of "Chinese military companies" operating directly or indirectly in the United States in accordance with the statutory requirement of Section 1260H of the National Defense Authorization Act for Fiscal Year 2021.

Updating the Section 1260H list of "Chinese military companies" is an important continuing effort in highlighting and countering the PRC's Military-Civil Fusion strategy. The PRC's Military-Civil Fusion strategy supports the modernization goals of the People's Liberation Army (PLA) by ensuring it can acquire advanced technologies and expertise developed by PRC companies, universities, and research programs that appear to be civilian entities. Section 1260H directs the Department to begin identifying, among other things, Military-Civil Fusion contributors operating directly or indirectly in the United States.

The Department will continue to update the list with additional entities as appropriate. The United States Government reserves the right to take additional actions on these entities under authorities other than section 1260H. The list is available here.
