Re: Complaint Filed by Netlist, Inc. concerning *Certain Dynamic Random Access Memory (DRAM) Devices, Products Containing the Same, and Components Thereof*; (Docket No. 3854)

Dear Mr. Yonan:

Under Commission Rule 210.10(a)(1), the Commission may extend the deadline for voting on institution of an investigation when “[e]xceptional circumstances preclude adherence to a 30-day deadline.” 19 C.F.R. § 210.10(a)(1)(i). Commission Rule 210.10(a)(2) further provides that “[i]f exceptional circumstances preclude Commission adherence for the 30-day deadline for determining whether to institute an investigation on the basis of the complaint, the determination will be made as soon after that deadline as possible.” 19 C.F.R. § 210.10(a)(2). Due to exceptional circumstances, the Commission will require additional time to review this matter.

On December 5, 2025, Complainant Netlist, Inc. filed a second supplement to the complaint (EDIS Doc. ID 865737). In view of the complexity of the Complaint and the supplements, as well as the various public interest comments, the Commission requires additional time to consider its decision whether to institute an investigation based on the Complaint. Thus, the Commission has determined to postpone the vote on institution until December 29, 2025. Complainant should file any additional supplements to the complaint on or before December 12, 2025.

Sincerely,

A handwritten signature in black ink, appearing to read "Lisa R. Barton", enclosed in a rectangular box.

Secretary to the Commission
