to First Amended Complaint

Exhibit 64

Exemplary Domestic Industry Claim Chart for U.S. Patent No. 12,268,265

Klein Tools, Inc. (“Klein Tools”) contends that U.S. Patent No. 12,268,265 (the ‘265 Patent) is practiced by the Klein Tools Domestic Industry Products, including the Klein Tools Hard Hat System. It should be understood that Klein Tools’ contentions are not limited to this product but instead encompass any and all reasonably similar products and components that practice the Asserted Claims in the same or similar manner as discussed below.

Below is a claim chart that applies independent claim 1 of the ‘265 Patent to the representative Klein Tools domestic industry product. No part of this exemplary chart construes, or is intended to construe, the specification, file history, or claims of the ‘265 Patent. Moreover, this exemplary chart does not limit, and is not intended to limit, Klein Tools’ domestic industry positions or contentions.

I. CLAIM 1

Claim Language	Representative Klein Tools Products
1.[pre]: A safety helmet system, comprising:	<p data-bbox="604 347 1770 418">To the extent the preamble is determined to be limiting, the Klein Tools Domestic Industry Products, including the Klein Tools Hard Hat System, comprise a safety helmet system.</p>  <p data-bbox="701 1024 1751 1130">Ex. 55, Klein Tools 60407 Product Page & Images, https://www.kleintools.com/catalog/standard-hard-hats/hard-hat-vented-full-brim-headlamp-white.</p>

Hard Hat, Vented, Full Brim with Headlamp, White

60407

★★★★★ 4.8 (9) Write a review

- Safety hard hat has patented accessory mounts on front and back that ensure Klein Headlamps attach securely and precisely, every time — no straps or zip ties needed!
- Breathable, padded sweat-wicking sweatband and top pad improve comfort and are machine washable
- Adjustable vents can be opened or closed for maximum air circulation while meeting stringent safety standards
- Unique suspension system features a flexible open frame design to provide optimal fit and improved air circulation
- Class C, Type 1 hard hat with adjustable vents meets ANSI Z89.1-2014, CSA Z94.1-15; EN397:2012+A1:2012-5.2.4 (Lateral Deformation-LD); EN12492:2012-4.2.1.2, 4.2.1.3, 4.2.1.4 (Front/Back/Side impact)
- Easy, one-handed adjustment with large knob ratchet mechanism (even with gloves on). Soft neck pad pivots to clear bandana knots and pony tails
- Universal accessory slots on both sides for attaching hearing protection, face shield and more
- Includes removable Klein Headlamp/Magnetic Work Light (KHH56220) with 3xAAA batteries
- Klein Rechargeable Headlamp, Alkaline Headlamp, Sweatband, Top Pad, Chin Strap and Suspension System also sold separately

FITTING (FIG. D)

All hard hats come with suspension pre-installed at factory settings. The suspension can be adjusted to ensure proper and secure fit to your head for maximum protection. Follow the steps below:

STEP 1: Turn the size adjustment knob ⑨ counterclockwise to loosen the fit. Position the rear pad on the back of your head, closer to the neck. Dress any bandana knots or ponytails over the rear neck pad ⑩.

STEP 2: Tighten by turning the size adjustment knob ⑨ clockwise until the hard hat is comfortable and snug. Move your head up, down and side-to-side gently, like you would normally, and make sure the hard hat stays on. Make sure that the hard hat is not angled forward or backward, but rests level on your head.
