Exhibit 8

Second Supplemental Hard Hat Domestic Industry Claim Chart for U.S. Patent No. 12,268,265

Klein Tools, Inc. ("Klein Tools") contends that U.S. Patent No. 12,268,265 (the "'265 Patent") is practiced by the Klein Tools Domestic Industry Hard Hat Products, including the representative Klein Tools Hard Hat, Vented, Full Brim with Headlamp, White (Model No. 60407) in conjunction with one or more Klein Tools accessory products, literally and/or under the doctrine of equivalents. It should be understood that Klein Tools' contentions are not limited to this product but instead encompass any and all reasonably similar products and components that practice the Domestic Industry Claims in the same or similar manner as discussed below.

Klein Tools reserves the right to supplement its technical domestic industry contentions, including its contentions regarding the doctrine of equivalents as discovery progresses, including in light of claim construction, Milwaukee's non-infringement contentions, and Milwaukee's response to Interrogatory No. 5. Further, discovery has only just begun, and Klein Tools' investigation is ongoing. Klein Tools reserves the right to supplement this response as allowed by the Commission Rules, the Ground Rules, and the Procedural Schedule.

Below is a claim chart that applies claims **1**–4 of the '265 Patent to representative Klein Tools Domestic Industry Hard Hat Products. No part of this exemplary chart construes, or is intended to construe, the specification, file history, or claims of the '265 Patent. Moreover, this exemplary chart does not limit, and is not intended to limit, Klein Tools' domestic industry positions or contentions.
