Dear Members of the Board,

Patent Owner filed a statutory disclaimer disclaiming all claims of the '598 patent. Pursuant to 37 C.F.R. § 42.73(b)(1), Patent Owner requests adverse judgment with respect to the claims of the '598 patent. As there are no remaining claims in PGR2025-00086, Patent Owner also

requests authorization to file a motion to terminate the proceeding. Petitioner does not oppose the motion.

The parties have conferred, and counsel for Petitioner is included on this email.

Thank you,
Isha Agarwal
