CURRENT RESEARCH/CLINICAL PROJECTS

A PHASE 3, DOUBLE-BLIND, RANDOMIZED, PLACEBO- CONTROLLED STUDY TO ASSESS THE EFFICACY, SAFETY, AND TOLERABILITY OF EN3835 VS PLACEBO IN THE TREATMENT OF PLANTAR FIBROMATOSIS (PFI) (ALSO KNOWN AS LEDDERHOSE DISEASE)- investigator

Weightbearing CT Evaluation of Contact and Distance Mapping of the 1st Tarsometatarsal and Metatarsophalangeal Joints following MIS Hallux Valgus Correction. - Investigator

A Multi-center, Prospective, Blinded, Randomized study of Artelon FLEXBAND® for patients undergoing Soft Tissue Reconstruction of the Anterior Talofibular Ligament (ATFL) to treat Lateral Ankle Instability - (IRB approved prospective study ongoing) - Investigator

Surgical Treatment of Osteochondral Lesions of the Talus - (IRB approved prospective study ongoing) - Principal Investigator

Minimally Invasive Bunion Correction: The 1st 500 cases. Critical review of the techniques, pitfalls, and results – (IRB approved study currently ongoing) - Principal Investigator

Actisheild vs. Control in the Surgical Treatment of Hallux Rigidus Grade 2 (moderate) – (IRB approved prospective randomized study currently ongoing) - Principal Investigator

Safety Profile of Artelon Use for Soft Tissue Reconstruction in Foot and Ankle Surgery. (IRB approved study currently ongoing)

Biomechanical comparison of intact anterior talofibular ligament vs Brostrom repair augmented with Artelon (ongoing biomechanical study)

A prospective, Controlled, Multi-Center, Post-Approval Trial to Evaluate the Long-term Safety and Effectiveness of AUGMENT Bone Graft Compared to Autologous Bone Graft as a Bone Regeneration Device on Foot and Ankle Fusion. (IRB approved - currently ongoing)

Efficacy of Topical Compound Creams for Foot and Ankle Disorders (IRB – Georgetown accepted study, on hold currently) - Principal Investigator

Articular Cartilage Lesions in the Ankle Treated with De Novo NT Natural Tissue Graft. – A Post Market., Multicenter Longitudinal Data Collection Study – (IRB approved - currently ongoing) - Co-investigator

Ankle ligament reconstruction: Suture Anchor or Suture-Only fixation. A Georgetown University IRB approved prospective study (on hold) Co-investigator

Augment Investigator Study Group Participant: Augment Bone Graft Safety and Effectiveness in Hindfoot and Ankle Arthrodesis. – An IDE investigation: randomized, controlled prospective multicenter clinical trial

PATENTS/INVENTIONS

"Calcaneal Osteotomy Guide" - device to aid in minimally invasive surgeries on the calcaneus (provisional patent granted 7/2023)

"**Hammer Rx**" – flexible brace for treatment of hammertoe/claw toe deformities. Manufactured by Med-Dyne Healthcare Products Ltd. Medi-Dyne.com

"**Titanium Plasma Coated Medical Grade Thermoplastic Or Polymer Proximal and Distal Interphalangeal Toe Implant**"

Manufactured by "Trident Medical" (Patent #10,470,890)

"FUZE" - intramedullary nail for tibio-talar-calcaneal arthrodesis.
Manufactured by "Vilex": www.vilex.com (patent pending)

"**Fixed Bone Plate for Rotational and Translational First Metatarsal Osteotomy Procedures**"
Manufactured by "Trident": (Patent # 10,448,981 B2)

"Scarf Plate" – bunion correction plate that allows immediate weight bearing after a scarf osteotomy.
Manufactured by "Merete": (patent pending)

"Ludloff Plate" – bunion correction plate that allows immediate weight bearing after surgery. (patent pending) Manufactured by "Merete": www.merete-medical.com

"VARIO Brace" – brace designed to treat tendonitis, flatfoot deformities and acute ankle injuries.
Manufactured by "Darco International". (US Patent # 8,968,228)

"MetaFix OpenWedge Plate" – device for opening wedge metatarsal osteotomies.
Manufactured by "Merete": www.merete-medical.com

"**MetaFix MTP Plate"** – device used to fuse the Great Toe (1st MTP joint).
Manufactured by "Merete": www.merete-medical.com

"DuoMetaCun Plate" – device used to fuse the midfoot.
Manufactured by "Merete": www.merete-medical.com

"**Mau Osteotomy Plate Fixation Device and Applications** (US patent# 61/997,182)

"Thermoplastic or Polymer Osteotomy Wedge" (US patent# 61/997,027)

"One Piece Handheld Staple Holder and Drill Guide for Application of a medical shape memory, elastic or super elastic nitinol memory bone staple
(US patent #61/995,172)
