Case: PGR2026-00039
U.S. Patent No. 12,168,036

DECLARATION OF ANDREW V. TRASK

I, Andrew V. Trask, declare under oath and penalty of perjury that:

1. I am back-up counsel of record for Patent Owner Regeneron Pharmaceuticals Inc. ("Regeneron") in this proceeding and have first-hand knowledge of the matters discussed herein.
2. Patent Owner's deadline to submit its Discretionary Denial Brief was June 8, 2026. *See* PGR2026-00039, Paper 4.
3. Patent Owner's counsel prepared the Discretionary Denial Brief and Exhibits for filing on June 8th so that counsel was in position to file the foregoing upon receipt of a signed copy of the Van Plew Declaration (Ex.2013) from the declarant, Mr. Daniel Van Plew.
4. Patent Owner's counsel understands that because Mr. Van Plew was traveling on June 8, 2026, he was unable to finalize the Van Plew Declaration until late in the evening on June 8.
5. Patent Owner's counsel received the signed and finalized Van Plew Declaration at 11:04 p.m. on June 8.
6. Following receipt of the Van Plew Declaration, Patent Owner's counsel edited the Discretionary Denial Brief to ensure consistency with statements in the signed Van Plew Declaration.
7. Patent Owner's counsel served on Petitioners the Discretionary Denial Brief and Exhibit List at 11:57 pm and its Exhibits by 11:59 p.m. on June 8.

8. Patent Owner's counsel filed the Discretionary Denial Brief at 11:58 p.m. on June 8.

9. Patent Owner's counsel was unable to file its Exhibits before 12:00 a.m. on June 8. Working diligently to complete the filing, Patent Owner's counsel filed the Exhibits at 12:12 a.m. on June 9.

10. On June 10, 2026, counsel for Patent Owner contacted counsel for Petitioners, who indicated that Petitioners do not oppose Patent Owner's motion for relief to excuse the late filing of Exhibits in support of its Discretionary Denial Brief.

11. I hereby declare that all statements made of my own knowledge are true and that all statements made on information and belief are believed to be true. I further declare that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application, or any patents issued thereon.
