Dear Mr. Kellogg, thank you for your email. Patent Owner's prior counsel is working to file the motion for substitution and withdrawal.

In the event that my filing capabilities through P-TACTS are not processed before the close of business today, I will file Patent Owner's Discretionary Denial Brief via the procedures set forth in P-TACTS FAQ A6, unless the Board prefers a different procedure.

Thank you,
Jessica

Counsel,

Per the email of June 11, 2026, Patent Owner is authorized to file a motion for withdrawal and substitution of counsel in PGR2026-00044. We understand that counsel attempted to enter the case by filing a power of attorney and updated mandatory notices for Patent Owner without first filing the motion. Those filings must be accompanied with Patent Owner's motion for withdrawal and substitution of counsel for the filings to be considered.

Dear Board:

Patent Owner respectfully requests authorization to file a motion for withdrawal of Patent Owner's current counsel of record in this matter and to substitute myself and Steven Susser as counsel for Patent Owner.

Patent Owner has conferred with Petitioner and Petitioner's counsel indicated that Petitioner does not oppose Patent Owner's request.

Patent Owner has executed the attached Power of Attorney, which we are prepared to file along with the motion as well as Updated Mandatory Notices.

The parties are available for a conference call with the Board if the Board so requests.

Thank you,
Jessica
